VIOLENT JUMP IN STEEL STOCKS

Prospect of Southern Merger Causes Advance of Over 20 Points in Sloss-Sheffield.

UNION PACIFIC STILL RISES

Widespread Speculation Swelled Tide of Buying to Immense Volume.

(By Associated Press.)

(By Associated Press.)

NEW YORK, Feb. 21.—The operations in to-day's stock market were of a character to e-courage the hope long deferred of an active entry into the market of the public at large. The tide of the buying demand had all the impressive sweep of periods of widespread speculation, and the movements were characteristically lacking in special news to explain them. The only news which seemed to be regarded was an advance in price. Wherever this occurred it was sure to be followed quickly by a surging demand, which churned the particular stock affected into violent activity and bouyancy. All news was favorably interpreted or, if that was not feasible, was ignored. Union Pasific was the sensation of the market and was carried irresistibly to a record price level. Banking interests near to the company were authority for the opinion that the movement was purely due to speculation in the stock.

An even more violent price movement was jumped up over 20 points. Rumors were plenty of a coming merger of Southern iron companies. Storm blockades and the holding of cotton are forcing down the carnings of tallroads in the Southwest, but that group was conspicuous for strength in the day's movement. That advantage was called from the market. The closing itself was a toleke from was ended to the advent of public buying to secure profits on an enormous wonle was called from the market was not alrered by this fact.

Bonds were steady, but were not so active as a toleke. Total sales, par valle, \$105,000 shares.
